April 19, 2012

Mr. Uwe Roeper
CEO
Xeneca Power Development Inc.
5255 Yonge Street
Suite 1200
North York ON M2N 6P4

Dear Mr. Roeper:

Thank you for your letter dated April 17, 2012 to the Ministry of the Environment (MOE), with respect to Xeneca Power Development Inc.'s (Xeneca) proposed Four Slide Falls Waterpower Project (Project).

As per your correspondence, it is the MOE's understanding that Xeneca has decided to withdraw the Notice of Completion for the Project, prepared under the Ontario Waterpower Association's Class Environmental Assessment for Waterpower Projects (Class EA), to complete additional documentation prior to resubmitting the Notice of Completion at a later date. If Xeneca wishes to proceed with the Project, it must demonstrate that the Class EA planning process has been followed and is clearly traceable in the Project File. Once Xeneca has completed its additional studies and have documented it in accordance with the Class EA requirements, a new Notice of Completion will be re-issued, and a new 30-day public review period will commence.

With the termination of the Class EA process and the absence of a proposed undertaking under the *Environmental Assessment Act* (EAA), a decision about the Part II Order requests submitted to the Minister of the Environment is not required.

Mr. Uwe Roeper

If you have any questions with respect to this matter, please contact Ms. Anne Cameron,
Project Evaluator at this Branch, at 416-314-0286.

Yours sincerely,

 George Karlos
Manager, Environmental Assessment Services
Environmental Approvals Branch
